

AP Computer Science Advanced Summer Work - 2024

To prepare for our adventure into Java programming please go to the following website:

<https://books.trinket.io/thinkjava2/>

This is an online version of the textbook "**Think Java 2nd Ed.**" by Allen B. Downey.

For the summer work complete the following:

#1 - Read chapter 1 and answer questions 1-3 at the end of the chapter.

#2 - Read chapter 2 and answer questions 1-3 at the end of the chapter.

#3 - Read chapter 3 and answer questions 1-3 at the end of the chapter.

Go to the online IDE jdoodle.com and select java to develop your code for Chapter 3 questions.

You should be prepared to turn in all your work electronically on the first full day of classes.
