

# St. Augustine Prep Driver's Education Program

We are happy to announce St. Augustine Prep's Driver Education Program.

**THEORY CLASSES:** Prior to taking the behind-the-wheel segment students are required to take the theory class. On the last day of the classes the NJ State written test will be administered. Having achieved at least an 80% test score and reaching the age of 16, students are eligible to get a NJ driving permit and enroll in the behind-the-wheel program.

Classes are scheduled between 3 and 5:30 pm and will be conducted in the Study Commons. Students are required to wear face masks and proper spacing will be required. Classes are open to students who are at least 14 years and the cost is \$100 (make check payable to SAP and students may bring the check to class). To register please contact [Mrs.Auger@Hermits.com](mailto:Mrs.Auger@Hermits.com)

**The next class is OCTOBER 19 - 23**

*Future classes during the school year will be January, May, and August  
(dates TBD)*

**BEHIND-THE-WHEEL:** Students who are at least 16 years of age and having passed the NJ State written test may enroll in the behind-the-wheel program. While driving, both Bro. David and the student will wear a face mask. Between students, the driver education vehicle will be sanitized.

To enroll you must bring the following materials to Mrs. Auger in Scarpa Building:

Completed permit application card (if you make **any** scratch-outs on the card you must complete a new one as MVC will not accept it); ORIGINAL birth certificate OR current passport (will be returned upon completion of the course); check payable to SAP for \$300; and \$14 CASH to purchase the permit and red decals from NJ MVC. When you bring these materials to Mrs. Auger she will schedule your trip dates.
